

**HOW IT WORKS:** Find the GOAL Line bus stop where your student will get on the bus and note the time each of the buses will arrive at that school (check all schedules). Next, starting from the pick-up school, go down until you find the school your student will be dropped off at and note the arrival time at that location. When selecting an AM bus, please be certain your student's school is open at the selected arrival time. Check all buses to determine which is best. Our goal is to get your student to and from school safe & on time.
